### PROFILE SUMMARY

A highly motivated and dedicated engineering graduate with strong analytical and communication skills, seeking an entry-level position in an innovative organization. Skilled at collaborating effectively within teams in fast-paced environments. Confident that the skills acquired in a dynamic and competitive academic setting will drive success in any professional opportunity.

### EDUCATION

- |  |                  |
|--|------------------|
| • <b>B.Tech (Computer Science and Engineering)</b> | <b>2020-2024</b> |
| Kshatriya College of Engineering, Armoor           | CGPA: 7.64/10    |
| • <b>Higher Secondary Education</b>                | <b>2018-2020</b> |
| Government Junior College, Bheemgal                | Marks: 970/1000  |
| • <b>Secondary Education</b>                       | <b>2017-2018</b> |
| ZPHS, Basheerabad                                  | CGPA: 9.8/10     |

### PROJECTS

#### StaySphere (Hotel Booking Application)

- Built a hotel booking application using React.js (frontend) and Node.js with Express.js (backend) for seamless performance.
- Implemented JWT authentication with refresh tokens using jsonwebtoken, bcrypt.js, and Express.js, allowing role-based access control for admins and users.
- Developed a system for users to search, book, and manage hotel stays, while enabling admins to add, update, and manage listings.
- Developed CRUD operations for hotels and bookings using MongoDB (Mongoose) with Axios for API requests.

#### Real-time Train Information Web App

- Developed a responsive Real-time Train Information Web App leveraging the Train Information API to provide live updates on train schedules, routes, and PNR status.
- Implemented key features like station search, train search, trains between stations, and train schedules with validated user inputs and error handling.
- Utilized HTML, CSS, and JavaScript to create a user-friendly interface with seamless performance across devices.

### TECHNICAL SKILLS

- |                                 |  |
|---------------------------------|--|
| • <b>Programming Languages:</b> | Java   |
| • <b>Frontend Technologies:</b> | HTML, CSS, JavaScript, React.js                      |
| • <b>Backend Technologies:</b>  | Node.js, Express.js                                  |
| • <b>Frameworks:</b>            | Bootstrap, Antd                                      |
| • <b>Databases:</b>             | MySQL, MongoDB                                       |
| • <b>Developer Tools:</b>       | Git, GitHub (VCS), VS Code, Eclipse, Postman, Vercel |

### SOFT SKILLS

- Time management, Flexibility, Communication Skills, Active listening, Leadership, Adaptability.

### CERTIFICATIONS

- Certificate in Java Programming from Besant Technologies.
- Certificate in SQL and Relational Databases, from Cognitive Class by IBM Developer Skills Network.
- Certificate in Node.js from Besant Technologies.
